

Waver

Beth Wiemann

Freely (M.M. ♩ = c. 120)

(tremolo r.h. top 2 finger holes)

(hold down low E fingering in r.h., tremolo r.h. top 2 finger holes)

(same with low F# fingering)

(hold down low Dflat fingering in r.h., tremolo r.h. bottom 3 finger holes)

Bass Clarinet

Metered (♩ = c. 90)

In the metered section, an asterisk marks those trills which require a tremolo of the r.h. middle finger hole - this usually happens on D in the clarino register or low G. Trills not marked with any special information are whole-step trills.

Accidentals apply throughout the measure in the metered portion of the work.
